

T.C. İSTANBUL TİCARET
ÜNİVERSİTESİ

FACULTY OF HUMANITIES AND SOCIAL SCIENCES
DEPARTMENT OF PSYCHOLOGY (30% English)
COURSE CONTENTS
ACADEMIC YEAR 2023-2024

INTRODUCTION TO PSYCHOLOGY 1

Psychology and Life/ Research Methods in Psychology and Statistical Supplement/ The Biological and Evolutionary Bases of Behavior/ Sensation and Perception/ Mind, Consciousness and Alternate States/ Learning and Behavior Analysis/ Memory/ Cognitive Processes

INTRODUCTION TO PSYCHOLOGY 2

Intelligence and Intelligence Assessment/Human Development Across the Life Span/ Motivation/ Emotion, Stress, and Health/ Understanding Human Personality/ Psychological Disorders/ Therapies for Psychological Disorders/ Social Psychology

CONTEMPORARY APPROACHES TO PSYCHOLOGY

Psychology as a science: The Birth of Psychology/ Historical Origins of Psychology/ Psychoanalytic Approach: Freud's theories/ The New Freudians: A New Psychoanalytic Approach/ Effects of the Social Psychology on Psychoanalysis/ Humanistic Approach/ Gestalt Approach/ Biological Approach/ Behavioral Approach/ Cognitive Approach/ What Awaits Psychology in The Future? / Which Approach Are You Close to? / Feedback and General Discussion.

INTRODUCTION TO STATISTICS FOR BEHAVIORAL SCIENCES 1

Introduction to Statistics / Basic Concepts of Statistics / Types of Data / Data Collection / Reliability and Validity of Data / Measures of Central Tendency: Mean, Geometric Mean, Median, and Mode / Characteristics of Measures of Central Tendency / Selection of Measures of Central Tendency / Measures of Variability: Variance, Standard Deviation, Range, Coefficient of Variation

INTRODUCTION TO STATISTICS FOR BEHAVIORAL SCIENCES 2

Probability: Event, Sample Space, and Probability, Union and Intersection, Conditional Probability / Discrete and Continuous Distributions / Random Variables / Probability Distributions: Binomial Distribution, Normal Distribution, Standard Normal Distribution / Hypothesis Testing / Simple Linear Regression

INTRODUCTION TO PHILOSOPHY

Origin of Philosophy / Grounding in Philosophy / What Does Philosophy Address? / Philosophy or Metaphysics? / Periods in the History of Philosophy and Their Main Characteristics: Logic, Theory of Knowledge: Epistemology / Idea, Judgment, Science, and Technique Ontology: Anatomy of Being and Existence / Ethics: Philosophy of Morality, Aesthetics: Philosophy of Art / Political Philosophy / Philosophy of Human: Anthropology / Religion: Philosophical Advances / Islamic Philosophy, Sufism

ACADEMIC SUCCESS AND LIFE SKILLS

Self-awareness / Personal Mission and Vision / Goal Setting / Time Management / Definition of Communication and Communication Models / Effective Communication Methods / Active Listening in Oral Communication / Conflict Resolution / Assertiveness / Public Speaking / Stress and Coping with Stress

T.C. İSTANBUL TİCARET
ÜNİVERSİTESİ

FACULTY OF HUMANITIES AND SOCIAL SCIENCES
DEPARTMENT OF PSYCHOLOGY (30% English)
COURSE CONTENTS
ACADEMIC YEAR 2023-2024

GENEL İNGİLİZCE 1

Subject pronouns; poss. Adjectives days of the week/ numbers 0-100/ classroom language/ A / an / plurals this / that / these / those adjectives colors/ Review of Adjectives/ Imperatives Let's Modifiers Quite / very /really/ Word order in questions/ Verb phrases Question words/ Simple Pres. (+ / - / ?)/ Word order in questions/ Verb phrases/ Question word/ Telling Time / Prepositions of Time/ Adverbs /Write about your favorite day/ Verb Phrases/ Can cannot/ Present Continuous Tense/ The weather & Seasons/ Present Simple & Present Continuous Tense.

GENEL İNGİLİZCE 2

Word order in questions/ Simple present/ Phrases with "go", holiday activities, simple past vs past Cont./ Time sequence, connectors (so, because, but, although)/ Be going to, plans & predictions airport vocabulary/ Present continuous (future arrangements), defining relative clauses, paraphrasing, write an email about travel arrangements/ Make and do, Present Perfect (just, yet, already), Present Perfect vs Simple Past, Shopping vocab./ Indefinite pronouns Adjectives ing./ed. comparative adjectives and adverbs, as----as/ Superlatives(+ ever+ present perfect)/ Describing a place, write a description of the place where you live/ quantifiers/too/ not enough.

ATATÜRK'S PRINCIPLES AND REVOLUTIONARY HISTORY 1

Purpose of Studying "Atatürk's Principles and Revolutionary History," Concept of Revolution and Similar Basic Concepts / Causes Preparing for the Collapse of the Ottoman Empire and the Turkish Revolution, Ottoman Empire / World War I and the Armistice of Mudros / State of the Country Against Occupations and Mustafa Kemal Pasha's Reaction / Mustafa Kemal Pasha's Landing in Samsun / First Step for the National Struggle, Organization through Congresses / National Forces and National Pact / Opening of the Grand National Assembly of Turkey / Management of the War of Independence by the GNAT / National Struggle Until the Battle of Sakarya / Battle of Sakarya and Great Offensive / From Mudanya to Lausanne

ATATÜRK'S PRINCIPLES AND REVOLUTIONARY HISTORY 2

Reforms in the Political Field, Attempts to Transition to Multiparty System I / Attempts to Transition to Multiparty System II / Developments in Law, Education, Culture, and Health Fields / Economic Policy in the Early Years of the Republic, Turkish Foreign Policy During Atatürk's Era (1923-1938) / Atatürk's Thought System and Principles / Turkey During and After World War II / Internal Political Developments in Turkey (1950-1980) / Internal Political Developments in Turkey (1980-2012) / Foreign Policy of Turkey (1960-2012), Foreign Policy of Turkey (1960-2012)

TURKISH LANGUAGE 1

Purpose and Principles of Turkish Language Course, Introduction of Topics, Course Following Method / Languages in Terms of Structure / Place of Turkish Language Among World Languages / Types of Language: Spoken Language, Written Language, Dialect, Accent, Slang / History of Turkish Language / Scripts Used by Turks / Script and Language Revolution / Characteristics of Turkish Language / Study Plan for Analyzing Thought Writings / Methods for Identifying Subject, Theme, Main Idea / Current Issues in Turkish Language / Language-Culture, Language-Thought, Language-Communication Information / Place of Turkish Language Among World Languages / Spelling Rules and Punctuation / Expression Rules and Forms / Paragraph Knowledge and Types / Problems of Turkish Language and Disturbances in Language Acquisition - Language Errors, Foreign Words in Turkish / Composition Writing Rules / Expression Disturbances

TURKISH LANGUAGE 2

General Features of Writing Types / Novel, Short Story, Theater, Criticism in Turkish Literature / Novel: Characteristics, Development in Our Literature, Study Plan and Examples / Short Story: Characteristics, Development in Our Literature, Short Story Types, Study Plan and Examples / Short Story: Application, Determining the Topic and Summarizing / Theater: Characteristics, Development in Our Literature, Examples / Poetry: Phases in Our Literature, Poetic Movements, Examples, Application / Presenting Examples Selected by Students in Types of Poetry, Short Story, Novel / Criticism: Place in Our Literature, Critics, Examples / Oral Expression; Open Session, Discussion, Panel, Symposium. Rules and Examples Regarding Oral Presentations / Official Correspondences and Rules Regarding Official Writing. Official Correspondence Types: Petition, Resume, Business Letters / Practices Regarding Writing and Punctuation

CRITICAL READING AND WRITING IN PSYCHOLOGY

Introduction to the Course and the Class/ Science and Scientific Method/ Scientific Method Exercise (& Evaluation & Feedback)/ Observation/ Observation Exercise/ Explanation/ Explanation Exercise/ Experimentation/ Experimentation Exercise/ Scientific Reading/ Scientific Reading Exercise/ Scientific Writing/ Scientific Writing Exercise/ Student Presentations.

INTRODUCTION TO SOCIOLOGY

The Emergence of Sociology/ Quests to Understand Social Change/ Classical Sociologists/ Marx & Weber Comte, Durkheim, Tönnies, Simmel/ Functionalism/ Structuralism/ Post-structuralism/ Postmodernism/ Postmodernism II/ Globalization/ Feminism/ Postcolonial Studies/ Media Sociology/ Reflexive Reflection in Sociology

BIOLOGICAL PSYCHOLOGY

Introduction/ The Cells of the Nervous System/ The Nerve Impulse/ Synapse/ Chemical Events at the Synapse/ Structure of the Vertebrate Nervous System/ Cerebral Cortex/ Research Methods/ Development and Plasticity of the Brain/ Emotional Behaviors/ Reproductive Behaviors.

DEVELOPMENTAL PSYCHOLOGY 1

Nature of Development / Developmental Theories (Freud, Ericson, Vygotsky, Piaget, etc.) / Methods of Studying Development / Genetic Foundations of Development, Prenatal Diagnosis and Issues, Adoption / Prenatal Development and Birth: Before, During, and After Birth, Postnatal Development, Attachment / Infant Development: Physical, Motor, Sensory and Perceptual, Cognitive, Social and Emotional Development / Early Childhood Development: Physical, Cognitive Changes, Language Development, Early Childhood Education, Socio-Emotional Development (Emotional and Personality Development, Families, Peer Relationships, Activities) / Middle and Late Childhood Development: Physical, Cognitive Changes, Language Development, Children with Disabilities, Socio-Emotional Development (Child, Family, Peer, and School Environment)

DEVELOPMENTAL PSYCHOLOGY 2

Adolescence: Physical and Mental Development in Adolescence: Nature of Adolescence / Physical Changes / Health Problems in Adolescence / Adolescent Cognition / Schools / Socio-Emotional Development in Adolescence: Self-Identity and Spiritual Development / Families / Peers / Culture and Adolescent Development / Adolescent Problems / Young Adulthood / Middle and Late Adulthood: Physical and Cognitive Development in Each Period / Socio-Emotional Development / Death, Dying, and Grief.

COURSE CONTENTS
ACADEMIC YEAR 2023-2024

SOCIAL PSYCHOLOGY

Introduction to Social Psychology/ Social Psychology and Research Methods/ Self-Concept in the Social World/ Social Beliefs and Judgments/ Behavior and Attitudes/ Genes, Culture and Gender/ Compliance and Obedience/ Persuasion

COMPUTER APPLIED STATISTICS 1

Definition of Science / Scientific Research and Types / Basic Concepts / Introduction to SPSS / Data View / Variable View / Data Entry in SPSS / Editing Data in SPSS / Editing Data for Measurements Related to Different Groups / Editing Data for Repeated Measurements Belonging to the Same Group / Some Variable and Data Operations in SPSS / Recoding / Calculating Variable Value / Assigning a Value to a New Variable as a Result of an Operation / Dividing the Data File / Filtering / Sorting Input According to Data Criteria / Hypothesis Testing and Significance in SPSS / Hypothesis Types / Hypotheses Error Types / Normality Tests with SPSS / Checking Normality with Central Tendency Measures / Checking Normality According to the Skewness and Kurtosis Coefficients of the Distribution / Checking Normality with SPSS's Data Structure Examination Option / Normality Tests / Transformation Options for Situations Where Normality Is Not Provided / Describing with Percentages and Frequencies / Frequency Calculation with SPSS / Presenting the Results with Cross Tables / Creating a Frequency Table of Data with Labels Assigned to Values / Descriptive Statistics / Calculating Frequency Central Tendency and Variability Measures with SPSS / Examining the Relationship Between Sub-Categories of a Qualitative Variable / Chi-Square Test for a Single Sample / Two Qualitative Examining the Relationship Between Categories of Variables / Two-Way Chi-Square Test

COMPUTER APPLIED STATISTICS 2

Determining the Reliability of a Measurement Made with a Measurement Tool / Cronbach Alpha Reliability Coefficient / Examining the Relationship Between Measurement Results of Two Measurements / Simple Linear Correlation / Spearman Rank Difference Correlation / Point Biserial Correlation / Comparing Measurement Averages with a Norm, Standard / One Sample t-Test / Comparing the Means of Two Different Groups / t-Test for Independent Samples / t-Test for Unrelated Samples with an Intercept / Comparing the Means of Two Repeated Measurements / t-Test for Related - Dependent Samples / Comparing the Means of More than Two Groups / One-Way for Independent Samples Analysis of Variance / Predicting the Value of Two Interrelated Variables According to the Change in One of the Other / Simple Linear Regression Analysis / Examining the Effects of Changes in a Series of Variables Related to a Variable on the Variable Examined / Multiple Linear Regression Analysis

LEARNING PSYCHOLOGY

Introduction and learning approaches / Learning and the brain / Behaviorism and classical conditioning / Operant conditioning / Social cognitive theory / Introduction to cognitive psychology / Basic components of memory / Long-term memory I: Storage and coding / Long-term memory II: Structure of knowledge / Long-term memory III : Recall and forgetting / Developmental and cognitive approaches / Sociocultural theory / Metacognition, advance regulatory learning

PERSONALITY

The Psychology of personality/ Personality Assessment/ the Psychoanalytical Perspective I: Freud & Classical Psychoanalysis/ the Psychoanalytical Perspective II: Jung & Analytical Psychology / the Psychoanalytical Social Perspective I: Adler & Individual Psychology / Erik Erikson / Humanistic

ACADEMIC YEAR 2023-2024

Perspective: A.Maslow, C.Rogers / Trait Perspective: Allport, Murray, Cattell, Big Five / Social Learning Theory: Bandura

COGNITIVE PSYCHOLOGY

Introduction/ Neurocognition/ Perception/ Attention/ Short-Term Memory and Working Memory/ Long-Term Memory: Structure/ Long-Term Memory: Encoding, Retrieval and Consolidation/ Everyday Memory and Memory Errors/ Language/ Problem Solving/ Decisions and Reasoning

RESEARCH METHODS AND STATISTICS IN PSYCHOLOGY 1

Scientific Knowledge/ Scientific Method/ Ethical Issues in Psychology Research/ Observation/ Survey Research/ Independent Group Designs/ Repeated Measures Designs/ Complex Designs/ Single Subject Research Designs/ Quasi-Experimental Designs and Program Evaluation/ Analysis and Reporting of Research/ Analysis of Data and Interpretation of Analysis : Part 1. Description of Data, Confidence Intervals, Correlation / Analysis of Data and Interpretation of Analysis: Part 2. Testing of Statistical Significance and the Story of Analysis / Communication in Psychology: Structure of the Research Report

RESEARCH METHODS AND STATISTICS IN PSYCHOLOGY 2

Data Collection/ Data Collection Methods/ Observation/ Natural Observation/ Supervised Observation/ Interview/ Non-Interventional Data Collection Methods/ Paper-and-Pencil Based Data Collection Tools/ Psychological Measurement Tools/ Definition and Classification/ Features That Psychological Measurement Tools Should Have/ Reliability/ Validity/ Survey/ Analysis of Data/ Conditions Determining the Analysis of Data/ Summarizing and Making Sense of Data/ Two Basic Statistical Measures of Data/ Measures of Similarity/ Central Concentration/ Measures of Mediocre/ Measures of Difference-Measures of Change/ Alpha/ Generalization from the Sample to the Universe/ Variable Statistics/ Hypothesis Test/ Correlation/ Regression/ t-Tests / Variance Analyzes / Writing Scientific Studies / Structure of an Empirical Research Article / Writing a Research Proposal / Compilation - Review Articles / Publishing Scientific Studies / Presenting Scientific Studies / Scientific Congresses / Symposium / Seminar / Ethical Rules Regarding Psychological Evaluations / Research and Ethical Rules Regarding Publishing

PSYCHOPATHOLOGY

In this course, it is aimed for the student to have basic knowledge about the history of psychopathology, modern perspectives in psychopathology, causes and risk factors of psychopathologies, clinical evaluation, clinical signs and symptoms, diagnosis and classification systems. In this context, stress and stress-related disorders, panic and anxiety disorders, anxiety disorders, mood disorders, somatoform disorders, eating disorders, personality disorders, sexual disorders, schizophrenia and other psychotic disorders, dementia and other cognitive disorders, clinical appearance, treatment and course features. is examined in terms of prevalence rates in society.

MEASUREMENT AND TESTS IN PSYCHOLOGY

Validity and reliability of the tests/ Issues to be considered in test application/ Interview techniques/ Preparation of a survey form/ Practical learning of 17 tests used in the field of emotional social development with their theoretical background/ Scales: Prenatal maternal expectations/ Attachment scales/ Parental attitude scales/ Father participation scale/ Maternal gatekeeping scale/ Children's perception of marital conflict scale/ Emotional security scale/ Dyadic adjustment scale/ Family assessment scale/ SCL90R Symptom screening scale.

INDUSTRIAL AND ORGANIZATIONAL PSYCHOLOGY

Introduction to Industrial and Organizational Psychology/ Theory, research and practice in work psychology/ Individual differences/ The foundations of personnel selection: analysing jobs, competencies and selection effectiveness & job analysis / Personnel selection and assessment methods: what works? / Assessing people at work/ Attitudes at work/ The analysis and modification of work behavior/ Training and development/ Approaches to work motivation and job design/ Stress in workplace/ General overview

CLINICAL PSYCHOLOGY

What is Clinical Psychology? Description/ History of clinical psychology (past and present)/ Basic features of clinical evaluation/ Observation and interview in clinical psychology/ Measurement in clinical psychology (measurement methods and tests)/ Professional issues in clinical psychology (ethics, specialization, responsibilities)/ Overview of psychotherapies/ Processes and stages of change in psychotherapies/ Patient selection and evaluation in psychotherapies/ Types of psychotherapy 1: Analysis, Gestalt therapy, Interpersonal psychotherapy/ Types of psychotherapy 2: Cognitive behavioral therapy, Group therapy

INTERVIEWING SKILLS

Interview and communication I-II / Therapeutic relationship and cooperation / Types of Interview / Basic Elements in Interview / Interviewer-Client / Self-awareness / Professional and Ethical Issues / Scientific / First Interview I-II / Clinical Interview I-II / Motivational Interviewing

CAREER PLANNING

Psychology and its Subfields/ Clinical Psychology and its Fields of Study/ Developmental Psychology and its Fields of Study/ Social Psychology and its Fields of Study/ Industrial and Organizational Psychology and its Fields of Study/ Forensic Psychology and its Fields of Study/ Health Psychology and its Fields of Study/ Special Education/ Trauma and Crisis Intervention / School Psychologist and Fields of Work/ Psychology and Academics/ Field of Psychology and Ethics

HISTORY OF PSYCHOLOGY

The Study of the History of Psychology/ Philosophical Influences on Psychology/ Physiological Influences on Psychology/ The New Psychology/ Structuralism/ Functionalism: Antecedent Influences/ Functionalism: Development and Founding/ Applied Psychology: The Legacy of Functionalism/ Behaviorism: Antecedent Influences/ Behaviorism: After the Founding/ Gestalt Psychology/ Psychoanalysis: The Beginnings/ Psychoanalysis: After the Founding/ Contemporary in Psychology

PROFESSIONAL ETHICS

Definition of morality, philosophical discussions/ Cognitive developmental approaches to morality/ Gilligan's approach to morality & Social field theory/ NeoKohlbergian approach/ Bandura's moral disengagement theory/ Anthropological approaches to morality/ Anthropological approaches to morality/ Moral foundations theory/ Psychoanalytic approach to morality/ Evolutionary approach to morality / Postmodernist approach to morality / Project presentations

GRADUATION PROJECT

Determining the project topic / Creating assumptions and sub-assumptions / Creating a protocol

Their Effects. Types of Behavioral Addiction: Technology Addiction/ Gambling Addiction/ Other Behavioral Addictions/ Addiction and Family/ Addiction Prevention/ Treatment Approaches in Addiction.

COGNITIVE DEVELOPMENT

Definition of Cognitive Development/ Basic Cognitive Skills/ Cognitive Development Theories (Piaget, Vygotsky, etc.)/ Development of the Brain and Nervous System/ Cognitive Skills Research Methods/ Cognitive and Moral Development According to Developmental Periods/ Cognitive Development in Infancy/ Early Childhood Period/ Middle and Late Childhood/ Programs to Support Cognitive Development in Adolescence/ Young Adulthood/ Middle Adulthood/ Advanced Adulthood

SELECTED TOPICS IN EXPERIMENTAL PSYCHOLOGY

Experimental psychology: historical overview / Research techniques in experimental psychology / Experimental Design and Research ethics / Psychophysical perception, attention and reaction time / Conditioning and learning / Remembering and Forgetting / Thinking and problem solving / Individual Differences / Experimental Social Psychology / Environmental Psychology / Human Factors and behavior

MOTIVATION

Concept of Motivation/ Physiological Mechanisms in Motivation: Genetic Approaches/ Physiological Mechanisms in Motivation: Arousal Processes/ Physiological Mechanisms in Motivation: Regulation Processes/ Behavioral Approaches in Motivation: Classical Conditioning/ Behavioral Approaches in Motivation: Operant Conditioning/ Behavioral Approaches in Motivation: Reinforcement/ Cognitive Approaches in Motivation: Expectation- Value Approach/ Cognitive Approaches in Motivation: Cognitive Consistency and Social Motivation/ Cognitive Approaches in Motivation: Attribution Approaches/ Cognitive Approaches in Motivation: Social Control/ Emotion and Motivation-1/ Emotion and Motivation-2/ Current Issues in Motivation and Emotion.

SELECTED TOPICS IN COGNITIVE PSYCHOLOGY

Perception/ Attention/ Consciousness/ Memory/ Knowledge/ Language/ Problem solving/ Creativity/ Decision making/ Reasoning/ Artificial intelligence.

NON-SOCIETY ORGANIZATIONS AND PROJECT DEVELOPMENT

Social Movements / Non-Governmental Organizations (NGO) Examples / NGO Studies / Problems and Debates Emerging in the NGO Context.

EGO

Self/ Formation of self/ Its relationship with social-psychological-cognitive processes/ Theoretical approaches/ Related research

PSYCHOLOGY STUDIES IN TURKISH ISLAMIC TRADITION

Turkish Islam / Shamanistic period / Approaches of Turkish Islamic physicians to psychological diseases / Music Therapy in Turkish Islamic Tradition / Evaluations of Islamic Scholars in the Psychological Field / El Kindi The First Muslim Psychologist / El Belhi / Hüzün / Gazzali / Mevlana / Yunus Emre / İsmail Hakkı İzmirli and the History of Modern Psychology / General evaluation

BIBLIOTHERAPY

What is bibliotherapy?/ What are the purposes of bibliotherapy?/ History of bibliotherapy/ Areas of use in the world and Turkey/ Effects of bibliotherapy on the mental health of individuals/ Limitations of bibliotherapy/ Variables that will positively affect the mental health of individuals.

CYBERNETICS

History of cybernetics/ System approach/ Management in living and inanimate systems/
Communication and informatics in systems/ Energy and life/ Complex systems/ Balance and order/
Our brain and nerves/ Language and thought/ Thought and behavior/ Mathematics of logic/
Measurement of information/ Robot and human/ Learning machines and artificial intelligence /
Mentality and civilization

INDIVIDUAL DIFFERENCES

Interpersonal Tendencies – Attachment Styles / Interpersonal Tendencies – Gender Identity /
Emotional Tendencies – Happiness / Emotional Tendencies – Depression / Emotional Tendencies –
Loneliness / Cognitive Tendencies – Openness to Experience / Cognitive Tendencies – Optimism /
Motivational Tendencies – Social Desirability / Motivational Tendencies – Rejection Sensitivity / Self-
Related Tendencies – Self-Esteem/ Self-Related Tendencies – Narcissism

INTERPERSONAL RELATIONSHIPS

Attachment theories/ The Theories of Mahler, Klein, Winnicott, Stern, and Bolwby/ The theories of
interpersonal relationship/ Kelly and Jones' social exchange theory/ The usage of strength/ Romantic
Relationships/ Watching a documentary: 'The Nature of Love'/ Friendship/ Marriage Relationship/ The
presentation about one of the subjects the students have learnt

NEUROPSYCHOLOGY

What is Neuropsychology? History and Development of Neuropsychology, Frontal Lobes, Executive
Functions, Neuropsychological Evaluation, Introduction and Application of Some Neuropsychological
Tests Related to Executive Functions

DEVELOPMENTAL PSYCHOPATHOLOGY

Developmental Psychopathology Field of Study/ Important Concepts in Developmental
Psychopathology/ Biological Effects and Heredity, Effects of the Environment, Effects of Early
Deprivation/ Developmental Period Tasks, Attachment and Psychopathology/ Introducing Diagnostic
Books (DSM and ICD)/ Diagnostic Methods/ Problem Areas, Symptoms, Causes, Diagnostic and
Treatment Processes/ Intellectual Disabilities/ Speech Disorders/ Specific Learning Disability/ Attention
Deficit and Hyperactivity Disorder/ Oppositional Conduct Disorders/ Pervasive Developmental
Disorders (Autism / Asperger, other)/ Anxiety and Depression, Other)/ Arrangements to be Made in
Education and Society/ general evaluation

MEMORY READINGS

What are the Types of Memory? Detailed Information on Long-Term Memory, Very Long-Term
Memory, Short-Term Memory, What Uses This Information in Practice? Detailed Examination of
Eyewitness Studies, Memory Enhancement Techniques

ÜNİVERSİTESİ

FACULTY OF HUMANITIES AND SOCIAL SCIENCES
DEPARTMENT OF PSYCHOLOGY (30% English)
COURSE CONTENTS
ACADEMIC YEAR 2023-2024

DOMESTIC RELATIONSHIPS

How to become a parent? What are the factors affecting parenting? Do parenting behaviors differ across infancy, toddlerhood, middle childhood, adolescence, and adulthood? What is the importance of parenting behavior throughout life? How can parenting behaviors be considered within the scope of the family models suggested by Çiğdem Kağıtçıbaşı? How are parent-child relationships affected in cases of marital conflict and divorce?

LEADERSHIP AND LEADERSHIP STYLES

What is Leadership?/ Social influence and Power/ Group dynamics and Leadership/ How Do Leaders Motivate Their Followers and Themselves? / Emotional Intelligence and Leadership / Leadership and Personality / Great Man Theory / Behavioral Approach / Situational Theories / Modern Approaches to Leadership / Charismatic Leadership / Transformational Leadership / Transactional Leadership / Servant Leadership / Culture and Leadership / Paternalistic Leadership / GLOBE Project.

SELECTED TOPICS IN ORGANIZATIONAL PSYCHOLOGY

Employee Motivation/ Job Satisfaction/ Work – Life Balance/ Work stress/ Organizational Behavior/ Organizational Commitment/ Organizational Leadership/ Organizational Culture/ Organizational Communication/ Positive Organizational Psychology Concepts

DEVELOPMENTAL PSYCHOLOGY: INVESTIGATIONS 2

How to organize a research, taking ethical values into consideration? How to find a research problem? What is the research population and sample? What are the steps of a research? How to write a scientific research report? Correct use of sources in the text and bibliography in research.

PSYCHODRAMA

Who is Moreno? / What does the sociometric approach include? / For what purpose were the Sociometry Test and Social Atomic Scale developed and how are they applied? / Moreno's role theory / Psychodrama technique / Psychodrama education in Turkey

FAMILY PSYCHOLOGY

Perspectives on intimate relationships/ Understanding marriage and family dynamics/ Communication and intimacy/ Conflict and conflict resolution/ Sexual intimacy/ Friendship, love, intimacy, and singlehood/ Dating, mate selection, and living together/ Marriage: Building a strong foundation/ Parenthood: Joys and Challenges

GROUP PSYCHOLOGY

The Phenomenology of groups / Basic principles / Individuals in groups / Socialization / Group development and structure / Groups in their environment / Status and Roles / Resocialization and exit

ORGANIZATIONAL STRESS

What is stress? Background and Importance/ Causes of Stress within Organizations/ The Most Stressful Jobs/ The Measurement of Stress/ Managing Stress within the Workplace: Training Interventions, Job Matching, Job Redesign, Counseling and Employee Assistance Programs/ The Positive Side of Stress for Organizations: Understanding Eu-stress and Performance/ Creating a Culture and Climate to Build a Resilient Workforce/ Understanding and dealing with stress: Taking Responsibility, Developing Control, Managing Emotions, Building Resilience, Committing to Action

PSYCHOLOGY AND CINEMA

Analysis and critical examination of psychological themes in cinema, including personality, development, memory, learning processes, gender identity, personality disorders, trauma, autism and clinical practice/ Films for understanding psychopathologies/ Critically evaluating the portrayal of psychological issues in films/ How films affect society and mental health effect

OFF-DUTY BEHAVIORS IN ORGANIZATIONS

Counterintuitive behavior at work/ Presenteeism/ Turnover/ Abusive management/ Employee paranoia/ Organizational cynicism/ Workplace aggression and violence/ Organizational Justice/ Whistleblowing.

POLITICAL PSYCHOLOGY

Methods of political psychology/ Some important theories,/ ideological orientations, peace psychology, collective action, discrimination, political communication, leadership, morality-politics relationship.

INTRODUCTION TO SOCIAL PSYCHOLOGY

Introduction to Social Psychology/ Introduction to Social Psychology and Research Methods/ Social Cognition/ Social Perception, Self/ Attitude/ Conformity/ Obedience/ Group Processes/ Prosocial Behaviors/ Aggression/ Discrimination

PERSONALITY DISORDERS

Introduction to Personality Disorders / Paranoid Personality Disorder / Schizoid Personality Disorder / Schizotypal Personality Disorder / Antisocial Personality Disorder / Borderline Disorder / Histrionic Personality Disorder / Narcissistic Personality Disorder / Avoidant Personality Disorder / Dependent Personality Disorder / Obsessive Compulsive Personality Disorder / Evaluation and Treatment of Personality Disorders

CURRENT PSYCHOLOGY READINGS

Current theses and projects in the field of psychology/ Topic distributions of scientific research reports in the field of psychology/ Form and content characteristics of scientific research reports in the field of psychology/ Examination and criticism of research on psychology conducted in other scientific fields/ Logic of scientific research.

ACADEMIC RESEARCH SKILLS

Science and Scientific Method / Philosophy of Science / Basic Concepts of Research Methods / Academic Article Definition / Types of Academic Articles / Study and Research Fields of Psychology / Determining the Framework of Study Subject / Determining the Area of Interest within Psychology / Writing a Research Proposal / Critical Thinking / The Importance of Critical Thinking / Empirical Determining Topics for Research / Asking Scientific Questions / Creating Hypotheses for Empirical Research / Conducting a Literature Review for Empirical Research / Points to Consider While Reading Scientific Articles / Utilizing Scientific Sources / Article Review / Writing Literature for Empirical Research / Use of Academic Language / Purpose for Empirical Research Writing / Determining the Research Method for Empirical Research / Determining the Research Participants / Collecting the Data / Analysis of the Data / Writing the Results / Drawing Tables in the Writing of the Results / Drawing Graphs in the Writing of the Results / Drawing Figures in the Writing of the Results / Writing a Discussion / Writing a Current Form of Bibliography in the Field of Psychology

CASE STUDIES IN CLINICAL PSYCHOPATHOLOGY

In this course, we will focus on how clinical psychopathological evaluation is carried out and the criteria by which the place of clinical evaluation results in diagnostic systems is determined, how similar psychopathological appearances are distinguished from each other in clinical decision-making processes and their definitive diagnosis is made, and what basic elements of mental structure clinical psychopathological symptoms and findings are related to. The topics are examined through sample cases. In this context, sample cases related to mood disorders, schizophrenia and other psychotic disorders, anxiety disorders, obsessive-compulsive disorders, trauma and stress-related disorders, physical symptom disorders, nutrition and eating disorders, cognitive disorders, personality disorders and sexual disorders are covered.

PSYCHOLOGY READINGS

Definition of Academic Article / Types of Academic Articles / Searching and Finding Scientific Articles in the Field of Psychology / Differences Between Types of Academic Articles / Characteristics of Scientific Articles in the Field of Psychology / Features of Current Article Writing Format / Scanning Academic Articles / Library Usage / Finding Scientific Articles in Electronic Environment / Databases / Academic Journals / Determining Journal Web Pages / Scientific Writing Formats in the Field of Psychology / Academic Articles and Student Assignments / Undergraduate Theses / Specialist Theses / Doctoral Theses / Academic Article Presentation / Scientific Study Presentation at Scientific Congresses and Meetings / Preparing Different Types of Scientific Articles for the Field of Psychology Determining and Executing the Process

AGGRESSION AND VIOLENCE

Aggression and Violence Theoretical Approaches / Violence and Psychosocial Dynamics / Violence as a Violence / Discrimination and Violence / Self-Harm / Individual Violence / Collective Violence / Alcohol-Substance Use and Violence / Psychopathology and Violence / Culture of Violence and Prevention

OLD AGING PSYCHOLOGY

What is Old Age?/ Definitions and Stages/ Psychological Stages of Aging/ Changes in Old Age/ Old Age and Emotion/ Gender Related Changes/ Brain and Social Communication in Old Age/ Situations Requiring Adaptation in Old Age/ Personality Changes in Old Age/ Loss in Old Age/ Depression/ Dementia in Old Age (Alzheimer and Other Type Dementias) / Support Elements and Approach in Old Age

SENSATION AND PERCEPTION

Sensation and sensory thresholds Perceptual organization/ Perception of depth Perceptual constancy/ Perceptual illusions Beyond sensory perception/ Social perception Vision and experimental presentations/ Hearing and experimental presentations/ Taste and experimental presentations/ Odor and experimental presentations/ Touch and experimental presentations/ Other senses and experimental presentations.

POSITIVE PSYCHOLOGY

Concept, History, Nature, Dimension and scope of Positive Psychology/ Positive Emotional States and Processes/Positive Emotions and well being/ Hope & Optimism, Love/ The Positive Psychology of Emotional Intelligence/Influence of Positive Emotions/Strengths and Virtues/ Happiness/Forgiveness

and Gratitude/Broaden-and-Build Theory of Positive Emotions/ Positive Psychology in
Workplace/Positive Organizations: Roles & Routines

NON-SOCIETY ORGANIZATIONS

Determining the Project Idea / Analysis of the Project Idea / Problem-Need Analysis / Analysis of
Goals / Project Planning / Resource Planning / Project Implementation and Monitoring / Project
Implementation and Monitoring - 2 / Project Implementation and Monitoring - 3 / Project Evaluation /
Reporting

SELECTED TOPICS IN SOCIAL PSYCHOLOGY

Morality in Social Psychology, What is Morality?, Related Studies/ Students Creating Research
Problems/ Determining Method/ Source Scanning/ Application and Data Analysis/ Reporting Their
Research

READINGS AND RESEARCH IN COGNITIVE PSYCHOLOGY

What are the Fields of Cognitive Psychology?, Examination of Studies on Representation of
Knowledge, Mental Imagination, Creativity, Problem Solving, Human Intelligence, Artificial
Intelligence

HEALTH PSYCHOLOGY

Health Psychology Basic Concepts / Health Psychology Theories / Applications in the Field of Health
and Disease / Being a Health Psychologist

FEELING

Recognizing Emotions / Emotion Regulation Skills / Awareness and Relaxation / Acceptance,
Tolerance and Compassion / Analyzing Emotions / Changing Emotions

BRAIN AND BEHAVIOR

Determinants of Behavior / Behavior from Psychodynamic Perspective / Neurobiological Basis of
Behavior / Neuroanatomical Structure of the Brain / Neurochemical Structure of the Brain / Brain
Development / The Concept of Plasticity and Brain Plasticity

ANIMAL COGNITION

Introduction to Animal Cognition / Neurobiological Basis of Cognition / Perception / Attention /
Memory / Language / Thinking and Reasoning / Problem Solving

RESEARCH IN NEUROPSYCHOLOGY

Introduction of Neuropsychology, What is Neuropsychological Assessment? Introduction and
Application of Some Neuropsychological Tests and Examination of Studies on Obsessive Compulsive
Disorder, Obsessive Compulsive Personality Disorder, Schizotypal Personality Disorder, Depression in
which These Tests are Applied

SOCIAL PSYCHOLOGY 2

Groups and people in groups/ Campus experiment on prejudice and discrimination- Racism and new
racism/ Authoritarian personality structure/ Intergroup behavior- Social unrest/ Sheriff's camp
experiment/ Collective behavior and Social protests- LeBonn/ Assignment presentation/ Leadership and
